

# BLAZE THE TRAIL CAMPAIGN

BUILDING BETTER PATHWAYS  
FROM SCHOOL TO WORK

Our school and work systems aren't designed to give young people with disabilities the same opportunities as everyone else.

We're leading the way to create better pathways from school to work for young people with cerebral palsy and similar conditions.

We are students, activists, advocates and young professionals with lived experience, and we are ready to make meaningful change.

Will you support us and sign the petition? →

Every person that signs our petition and supports our campaign gets us closer to our goal of more inclusive and accessible schools and jobs.
