**Subject line:** Campaigning to make school and work more accessible

**Body:**

Hi [first name / there],

You know just as well as we do that our school and work systems aren't designed to give people with disabilities the same opportunities as everyone else.

And now a group of young people with cerebral palsy have created a new campaign to take on this challenge – and make the pathways from school to work more accessible for young people with disabilities.

The campaign is being run by the group of young people themselves and is supported by CPActive and the Cerebral Palsy Alliance.

We call them CPActive Champions, and they've started a petition in NSW which they'd love everyone to sign: <https://cpactive.org.au/nsw-election/>

We know these barriers are not just isolated to systems in NSW – but right across the country.

So, if you're not in NSW but would like to support the campaign, you can sign up to CPActive here: <https://cpactive.org.au/>
